Dear Parents and Carers,

In line with the PPAT Trust Medical Policy, we are reviewing our Medical Health Care plans. Parents or guardians have prime responsibility for their child's health and should provide their school with up-to-date information about their child's medical conditions, treatment and/or any special care needed.

If your child has asthma, please can you complete the attached Asthma treatment plan. We would appreciate it if you could complete and return this to the School Office.

Where a pupil has a chronic illness, medical or potentially life-threatening condition, the school will initiate a health care plan to meet individual needs and support your child.

If your child has a more complex medical condition, a new diagnosis or needs an update to their existing plan, please contact the Office, in the first instance, as it may be necessary to develop or update an individual healthcare plan, which will include an agreement on the role of the school in managing any medical needs and potential emergencies.

I will be writing to you every term, to ensure we have the most up-to-date information.

Thank you for your support.

Best Wishes,

Miss Tucker
SENCO
